The Policy & Procedure Wizard provides all of the information and tools needed to create exceptional P&P in a few hours.

First, you will learn the overall process of behavior management policy and procedure creation. Next, you will be asked a series of thirty-six questions that apply to your facility. Finally, your answers will be automatically merged into a Microsoft Word document that can be printed, reviewed and edited for final approval and distribution within your facility.

Features: **Easy to use software**

- Field tested: Developed through consultation with over one hundred facilities.
- Educational: Explains the process of behavior management efficiently.
- Thorough: Includes P&P for behavior management as well as suicide risk management, therapeutic seclusion and behavioral alternatives to medication.

Benefits: **Create documentation in a few hours**

- Save time/money: Create detailed, thorough and appropriate P&P in only a few hours, instead of weeks or months.
- Reduce risk: Reduce survey deficiency, staff/resident injury and reportable incidents.
- Improve care: Staff respond to clear and appropriate P&P with increased professional efficacy and reduced stress from role ambiguity and confusion.

This product is licensed for single facility use only. Multiple facility licenses are available at discounted rates.
